To Whom It May Concern:

I am very pleased to write a character reference concerning Eric Rosenthal. Mr. Rosenthal has been employed at the Korean International School since March 2013 to present. During this time, he has demonstrated himself in many areas that require both moral integrity and a commitment to children and learning. As a fourth grade coordinator, Mr. Rosenthal's duties have included overseeing the writing of curriculum, establishing timetables, collating materials for textbooks, and most importantly, the needs of his students. In this regard, Mr. Rosenthal has done admirably. His care towards his students, not only in their education but also in their growth as individuals, has been tireless. He takes the time out to talk to his students, listens to their needs. His devotion to his class as well as all students attending Korean International School has made him both liked and respected amongst students and peers.

Mr. Rosenthal has also exhibited great leadership qualities. He works well with others and has become a leader in every sense of the word. He is punctual and extremely committed to not only seeing that his students get a wonderful education but in setting a good example on how to be a good and kind person.

If you should have any further questions, please feel free to contact me.
